Using and sharing your information

The data controller is Natural England, Northminster House, Peterborough, PE1 1UA.

Your information will be stored and processed in accordance with the Data Protection Act 1998. This Act gives you, as an individual, the right to know what data we hold on you, how we use it, with whom we share it and for it to be accurate.

It will be used for administering and analysing applications/agreements under agri-environmental schemes. It will be circulated and discussed in confidence with those persons or organisations helping Natural England to assess and monitor applications/agreements. Some information will be shared with other grant distribution bodies and Government Departments to enable them to detect fraudulent applications/agreements and to co-ordinate the processing of complementary applications/agreements. To do this we may have to discuss applications/agreements with third parties or disclose information about funding decisions. Because participation in this scheme involves expenditure of public money and there is public interest in how the money is spent, Natural England may make the information you provide publicly available.

Natural England or its appointed agents may use the name, address and other details to contact you in connection with occasional customer research aimed at improving the services that Natural England provides to you.

We will respect personal privacy, whilst complying with access to information requests to the extent necessary to enable Natural England to comply with its statutory obligations under the Environmental Information Regulations 2004, and the Freedom of Information Act 2000.
