

East of England Register of Environmental Stewardship Agents

Last saved 25/04/2012

Below is a list of agents who have asked to be registered with Natural England as agents working on Environmental Stewardship on behalf of land owners. Before selecting an agent, please read the notes below.

How we maintain the Register

- Natural England does not endorse any person or organisation on the register – it is a 'self selecting list', i.e. anyone who asks to be added to the list is included.
- Natural England does not carry out any checks on the qualifications of the agents listed.
- Natural England retains complete control of the register, including the discretion to discontinue the use of the register and remove any particular agent for any reason whatsoever.
- Natural England will not become involved in any contractual dispute between agent and client.
- Natural England will update the list to add/remove agents from the list. We will aim to do this on a monthly basis (if any changes have been requested during the preceding month). The date the Register was last updated is shown below.
- In the event that you select an agent to assist you with your Environmental Stewardship application or any administration / management of your Environmental Stewardship agreement, Natural England has no responsibility for any acts or omissions of the agent in relation to the provision of such services to yourself.

How you should use this list to find an agent

Before choosing an agent there are a few things that you should consider and/or some questions you need to ask:

- Produce a shortlist of possible agents based on the details provided on the register: i.e. which strands of the scheme they have registered for; where they are located; are any of them known to you?
- Check how much will it cost. Get at least two, preferably three, quotations from different agents.
- Ask whether VAT has been included or not?
- Is your chosen agent qualified and capable of carrying out the work? You should check the agent has the necessary qualifications, knowledge and experience to suit your needs.
- Ask to see references and/or example(s) of the agents work.

Further information

If you require further information regarding the content / maintenance of this Register please contact: centralesagentsregister@naturalengland.org.uk
